CLAUDE CERTIFIED ASSOCIATES

AI INTERMEDIATE · CURRICULUM

Everything you need to get AI working for you, fast.

A self-paced program for people who are short on time. It takes you from your first message to Claude running real jobs for you, taught on your own tasks.

6 modules | Self-paced | Taught in Claude | Plus optional AI tools for video, voice & images

HOW IT WORKS

1 MODULES 1–2

Get started

Find your way around Claude and set it up so it knows you. Then learn to get good answers, and fix the ones that aren't.

2 MODULES 3–4

Plug it in

Connect Claude to the tools you already use, build a workflow that does a real job, then turn it into a skill.

3 MODULES 5–6

Hand it over

Make pages, designs and charts, try other AI tools, then hand Claude whole jobs and put them on a schedule.

WHAT YOU GET

IN THE PROGRAM		WITH MEMBERSHIP	
6 hands-on modules, done at your own pace	**∞** lifetime access to the learning academy*	**1 hr** of one-on-one support every month	**∞** access to our community while you're a member

Membership is separate from the program. It covers your support hour and the community: tool masterclasses, weekly podcasts, a monthly newsletter and a peer network.

We'll walk you through it on a call.

Book a time at adongroup.com.au/ai-training

(07) 5586 1400

THE FULL CURRICULUM

Everything you'll learn, module by module.

Short, hands-on modules. Each one ends with something you can use in your work the same day.

1 Getting Started with Claude

MODULE 1 · BEGINNER

Find your way around and set Claude up to know you.

- Your first message
- Finding your way around
- Uploading files, photos and links
- Voice
- Research mode
- Making docs, PDFs, sheets and slides
- The quick-access window
- Privacy settings, and what not to share
- Memory and preferences

2 Getting Good Results

MODULE 2 · BEGINNER

Prompts that work, and fixes for when they don't.

- CRAFTS: a good prompt
- Quick asks
- Letting Claude write the prompt
- Examples and context
- Clarifying questions
- Fixing a bad answer
- Projects

3 Connecting Your Tools

MODULE 3 · INTERMEDIATE

Claude working inside the tools you already use.

- Connectors
- Specialist connectors
- Adding your own

4 Skills

MODULE 4 · INTERMEDIATE

Ready-made instructions Claude runs on demand.

- What a skill is
- Three ways to create one: build it, Claude's library, or online
- Applying skills to your work
- An introduction to sub-skills

BY THE END YOU'LL HAVE

- ✓ Claude set up to know you
- ✓ A workspace for your repeat work
- ✓ A workflow on your own tools
- ✓ A Claude skill
- ✓ Your own Cowork task
- ✓ The knowledge to do all of them by yourself

5 More Claude Features and Other AI Tools

MODULE 5 · ADVANCED

Pages, designs, charts and more.

CLAUDE FEATURES

- Shareable tools and dashboards
- Web pages
- Claude in Excel, Word and PowerPoint
- Claude Design
- Charts and diagrams
- Data analysis

OTHER AI TOOLS (OPTIONAL, PAID)

- HeyGen: avatar videos
- ChatGPT: images
- Higgsfield: video
- ElevenLabs: voice

6 Cowork

MODULE 6 · ADVANCED

Hand Claude whole jobs, then put them on a schedule.

- What Cowork is
- Skills in Cowork
- Scheduled tasks
- Claude in Chrome
